Come to Your Senses Events

delightful indulgence for the body and soul

Imagine hosting a truly UNIQUE experience for an upcoming bridal shower, baby shower or milestone birthday!

Imagine spending an evening relaxing, socializing and indulging your senses with your closest girlfriends!

Welcome to Come to Your Senses Events, an innovative company specializing in producing custom events for over-committed women who want to slow down, indulge and spend time with their favorite female friends. The non-stop pace of our daily schedules eventually takes a toll on our health and well being, but we rarely take the time to restore ourselves.

We are here to see that you…..

Re-energize, Rejuvenate & Refuel!

(Tackle life's responsibilities, tomorrow.)

At Come to Your Senses we tailor each event to our clients' wishes. They choose from a tantalizing assortment of relaxing services, such as Hand and Foot Rescue treatments; facials; neck and shoulder massages and tarot card readings. We create a fanciful ambiance, coordinate the service providers, the food and drink and put on the party. All you and your friends or colleagues need to do is put your feet up and enjoy!!!

Women who have *Come to their Senses* had this to say about their experience:

"I will jump at any opportunity to receive a massage, but to also be with friends and good food and drink!! What a pleasure! "
- Carrie G.

"It's a radical act for a woman to say 'I deserve a few hours of personal rejuvenation.'"
-Carolyn S.
